

TOUCH-FREE ON-BOARDING

TAILORED TO

GEORGIA SCHOOL SYSTEMS

What Will *Your* On-Boarding Process Look Like This Year?

This new environment we all find ourselves in presents many challenges for Georgia School Systems. So, we want to help you take on-boarding forms and tasks online – ensuring a secure, touch-free, data-entry-free and streamlined way to process all your new hires without stacks of paper.

Your new hires will be able to access all required on-boarding tasks from any device, complete paperwork electronically, read and agree to policies and more. Each piece of information can be routed to the appropriate people in your HR department and you can export all necessary data to your payroll system.

The best part? We can have you up and running in time to process new hires in June!

Key Features

- Complete all required paperwork online: W-4, G-4, I-9 and custom forms
- Integrates with E-Verify
- Present video content like Sexual Harassment Training and have employees sign off on it
- Loyalty Oath, Medical History and Employment Verification built in
- SHBP New Hire Summer Transfer Form built in
- Eliminates data entry into Payroll & other systems
